About

Aspiring Full Stack Web Developer with experience building SaaS applications, social platforms and scalable web solutions. Skilled in React.js, JavaScript, Node.js, PostgreSQL and REST API development. Passionate about solving real-world problems through modern web technologies.

Skills & abilities

- **Frontend:** React.js, HTML5, CSS3, Typescript, Vite, JavaScript (ES6+).
- **Backend:** Node.js, Express.js, REST APIs.
- **Tools & Platforms:** Git, GitHub, VS Code, Postman.
- **Database:** MySQL, PostgreSQL, Supabase.

Experience

Prodigy InfoTech

Web Development Intern (Duration: 1 Month)

- Worked on multiple web development projects, focusing on front-end development.
- Built interactive and responsive web applications using HTML, CSS, JavaScript and APIs.
- Gained hands-on experience, improved problem-solving skills and strengthened technical knowledge.

Projects

1. ERP SaaS Platform

- Tech Stack: React.js, Vite, Node.js, Express.js, PostgreSQL, Supabase and JWT.
- Developed a multi-module ERP SaaS platform for educational institutions.
- Implemented student, teacher, attendance, examination, library, notice and communication modules.
- Developed RESTful APIs and scalable PostgreSQL database architecture for efficient data management.
- Built secure authentication and role-based access control for different user roles.

2. GameHub SaaS Platform

- Tech Stack: React, TypeScript, Vite, PostgreSQL, Context API.
- Implemented centralized user progression, XP tracking and achievement systems.
- Designed reusable game session architecture to support rapid game integration.
- Built responsive dashboards and mobile-friendly interfaces to enhance user engagement.
- Developed a browser-based gaming platform featuring multiple interactive games.

3. GoTogether - Social Ride Sharing Platform

- Tech Stack: React Native, Expo, TypeScript, Supabase, PostgreSQL, Razorpay.
- Built a social ride-sharing platform integrating ride coordination with social networking features.
- Developed feeds, stories, notifications, collaborative posts and profile management systems.
- Implemented secure authentication, session management and Row Level Security (RLS).

Education

Pursuing **Bachelor of Technology (CSE)** at Invertis University (2023 –27) with CGPA: **8.4/10.**
Completed **Higher Secondary(10th)** in 2021 with a score of **80.6%** from New Era Academy.
Completed **Senior Secondary(12th)** in 2023 with a score of **77.6%** from New Era Academy.

Certifications

- **Data Analytics using Tableau** – Crio.Do
- **Data Science Boot Camp** – Geeks for Geeks
- **SQL and Relational Databases 101** – CognitiveClass.ai (IBM)
- **Power BI** – Ducat IT Training School
- **Web Development Internship** – Prodigy InfoTech
